WHO WE ARE

About Us

Established in 2007, Global Aid Missions (GAM) responds to practical health and social needs affecting people with albinism. Our work combines direct support with clinical capacity-building, community engagement, education and advocacy to improve access, protection and dignity for people with albinism.

Global Aid Missions is a U.S. nonprofit organization recognized as tax-exempt under Section 501(c)(3) of the Internal Revenue Code and is registered as a Trust in Zimbabwe. Our work is grounded in compassion, integrity and inclusion, with a focus on building practical partnerships that strengthen access to healthcare, support communities and create lasting change.

THE FOUNDER

Esther Chasi

Global Aid Missions was founded by Esther Chasi, a humanitarian, advocate and servant leader.

In 2007, moved by the daily challenges, exclusion and vulnerability faced by persons living with albinism in Zimbabwe, Esther responded with compassion and action. Her vision was simple yet profound – to create an organization that would stand in the gap for persons living with albinism and other underprivileged groups.

Under her leadership, Global Aid Missions has grown from a grassroots initiative into a recognized humanitarian organization impacting lives across Zimbabwe and beyond. Her leadership is defined by empathy, resilience and unwavering faith, rooted in service and dignity.

“We were founded to ensure that no one is left behind because of how they were born. Every life matters.” – Esther Chasi, Founder

OUR MISSION

Mission

Making life a living experience.

We work to improve lives by advancing healthcare, dignity, inclusion and opportunity for underserved and vulnerable communities, with a particular commitment to people living with albinism.

Vision

Touching and changing lives through strategic partnerships.

We envision communities where vulnerable and underserved people have access to the healthcare, support, opportunities and resources they need to live with dignity, inclusion and greater independence.

CORE VALUES

Compassion — responding to people with respect and care.

Integrity — emphasizing transparency, accountability and responsible stewardship.

Inclusivity — promoting equal access to healthcare, education and support.

WHAT WE DO

BUILD CAPACITY

Train clinicians and community actors to better understand and respond to albinism.

IMPROVE ACCESS

Support screening, treatment, prevention and specialist care closer to the communities we serve.

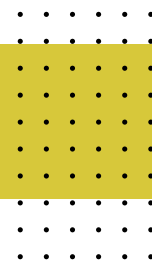

STRENGTHEN SUPPORT

Connect healthcare with education, psychosocial support, protection and appropriate referrals.

SUSTAIN CHANGE

Build lasting relationships, referral pathways and community networks that extend beyond individual programmes.

Pre-cancer prevention & clinical capacity

GAM provides and strengthens access to specialised healthcare for people living with albinism, including skin cancer screening, pre-cancer treatment, prevention education, referrals and sun-protection support. Through clinical training and service development, GAM also works to strengthen the capacity of healthcare providers to identify and manage conditions affecting people with albinism.

Pre-cancer treatment services

GAM supports early detection and treatment of pre-cancerous skin lesions among people living with albinism. This includes clinical screening, cryotherapy, follow-up care, prevention education and sun-protection support, helping patients access appropriate care at an earlier stage.

SRH & GBV — women and girls with albinism

GAM has implemented programmes addressing the health, wellbeing and empowerment of women and girls, including sexual and reproductive health education and support, psychosocial wellbeing and community awareness.

Cancer awareness

GAM promotes greater awareness of cancer prevention, early detection and health-seeking, working with communities, healthcare professionals and local partners to encourage informed action and access to appropriate care.

Children & families

GAM supports children and families affected by albinism through community activities that promote connection, inclusion, practical support and access to resources, while creating opportunities for children and families to feel supported and engaged.

PARTNER WITH GLOBAL AID MISSIONS

GAM welcomes support that helps people with albinism access healthier, safer and more dignified lives. The organization's public materials emphasize collaboration, transparency, accountability and engagement with stakeholders.

FOR DONORS

Fund programmes that translate into practical health, protection and inclusion.

FOR INSTITUTIONAL PARTNERS

Bring technical expertise, services, networks or resources to shared programme goals.
